One Acquisition Solution for Integrated Services – Small Business (OASIS SB) Overview:

OASIS is the General Services Administration (GSA) Federal Acquisition Service's (FAS) next generation contract vehicle for complex professional services. The OASIS vehicle is available for use by all federal agencies and other entities as listed in GSA Order ADM 4800.2G, Eligibility to use GSA Sources and Supply; as amended. There is no ceiling limit on the vehicle. The objective of OASIS SB is to provide government agencies with a single contract solution for a wide span of professional service requirements in a variety of contract types. OASIS SB is a family of seven separate small business multiple award, indefinite delivery, indefinite quantity (MA-IDIQ) contracts that span 28 NAICS codes and 6 NAICS code exceptions under the economic subsector 541, Professional, Scientific, and Technical Services.

MTSI OASIS Key Capabilities:

Modern Technology Solutions, Inc. (MTSI) is a contract holder for OASIS SB MA-IDIQ Pools 4(R&D), 5A (Aircraft Parts R&D), 5B (Space Vehicles and Guided Missiles R&D), 6 (Aircraft R&D) and Unrestricted Pools 3 and 4. Current and future customers contracting for research and development activities in the air, space, and missile defense mission areas can use these OASIS SB contracts to reach MTSI directly as a prime.
